

VILLA VEDAS

EVENT GUIDELINES

INTRODUCTION

Villa Vedas won **The Yak Awards 2014** as the best villa and it is a stunningly romantic villa located on 3,525 m² of beachfront land just 1km to the north of the world-famous Tanah Lot Temple. It is only a 25 minutes' drive to the fashionable nightlife and restaurants of Canggu and Echo Beach and the villa is surrounded by rice fields, offers total privacy to the guests.

Villa Vedas offers sweeping panoramic views in all directions. At the beachfront and looking out to the sea are the islands of Java and the sunset for that once in a lifetime wedding photo, whereas ancient rice paddies surround to the north and south, and the stunning Batukaru volcano towers behind in the east.

KEY INFO

WEATHER

Bali's wet season can affect conditions from November to March and Event Organisers (EO) are advised to plan accordingly for events.

EVENT SPACE

For larger events between 120 and 200 guests, the villa has fabricated structural decks made of steel and wood in 4 sections, thereby providing an additional usable area for events at the front of the villa.

Section A is 5.8 metres x 7.5 metres (43.6 m²), and sections B, C & D are 4.9 metres x 6.7 metres (32.8 m² each). All offer a total combined area of 142 m². Each section is US\$150 i.e. US\$ 600 net for all 4 sections. For events attended by more than 150 guests use of all 4 sections is recommended.

As it can take up to 10 hours to assemble all 4 sections, please be aware that the workers have to work on the installation of the decks while the guest is staying at the villa. Otherwise an additional villa rental cost is required if the decks have to be installed before guest arrival.

However, we strongly suggest that EOs inspect this area prior to finalising arrangements to calculate the number of guests that can be accommodated.

EVENT FACILITIES

SMART VILLA

Full home automation where one can play favourite songs, or adjust the volume, lighting or air-conditioning straight from smartphones. In addition, the guest can use the 10kw Crown amplifier system with JBL Pro speakers in all areas.

KITCHEN & BAR

Caterers can set up a satellite kitchen and must use a partition to screen off the area. We kindly ask catering companies to protect the surface with mats to minimise damage to the grass. Fully equipped commercial kitchen in the villa can be used by caterers for food storage and plating as well. However, if cooking in the commercial kitchen is required, there will be an additional cost.

The villa's bar area is available for events for serving drinks; freestanding bars can be set up around the lawns. We kindly ask catering companies to protect the surface with mats to minimise damage to the grass.

PARKING

The parking and alighting area is on Banjar land adjacent to the villa. It is to be kept free for guests' arrival and departure. This means that there is no parking on site for EO's or suppliers. Vehicles are permitted for a one-hour period for loading and unloading from the road directly into the commercial kitchen but should be off-site at least one hour prior to the event.

POWER AND CABLING

Villa Vedas has 65 KVA of mains power supply and a 25 KVA generator that can be rented for events if required. We would ask guests and their EOs to respect the following guidelines.

- 🍏 Cables should not be dug into lawns
- 🍏 Cables should follow edges of concrete/ grass where possible
- 🍏 Cable traps should be laid in high traffic areas or where cables may pose a safety risk to guests
- 🍏 Electric lanterns are permitted to be hung from trees using existing nails only
- 🍏 Heavy lighting must be attached by metal brace and not by hooks and nails
- 🍏 All candles should have candle bases to prevent wax spillage

GUEST WASHROOMS

There are three bathrooms available for event guests. One is located at the bar area, another one in the art gallery, and if necessary, the bathroom in Guest Suite 4 adjacent to the bale can be made available. It is the responsibility of the EO to ensure the cleanliness of the bathrooms during events.

REGULATIONS AND RESTRICTIONS

The furniture in the villa should not be moved or removed and no additional furniture should be brought into the villa.

Bedrooms are for the use of resident guests only and we recommend these to be locked during the course of any given event. Smoking is not permitted inside the property.

Fireworks are allowed, subject to the permit from Banjar. Any structures such as marquees, bar, dance floors and DJ booths need to be discussed and approved in advance.

Floating bamboo and foam structures for candles and flowers are permitted however they should be removed by the EO by 1am, or as soon as guests enter the pool, in order to avoid any damage or injury.

Please note that this guideline specific to Villa Vedas should be read in conjunction with
The Luxe Nomad General Guidelines for Events.
